

In the time traveller's lab:

-Hello everyone.

-Hello \*said the other\*

-How are you?

-We're fine thank you. And you?

-Fine thank you.

-Great so, what do you think about the Time Machine?

-I think it's unrealistic and you psychologist?

-In my opinion it's a good idea but in your dreams  
\*laughs\*

-You don't believe me?!?

- I think you need to see a doctor right now \*sighs\*

- I.am.not.CRAZY!! I just don't think like you,  
I think better than you. Look I've made a time mach

- But... what does that mean??

- This is a time machine to go in the past and in the future.

- That's not funny to make us come to joke with you. Let's go guys.

No no wait I'll show you :

First you put the object in the machine and you push the lever then the object disappeared of in the mach-

- What tell us that the object just exploded??
- It's very safe don't worry
- I'm not really sure
- Me too
- Yes I don't want to see that I leave now bye
- Okay I'll work on this and show you when it's really ready goodbye
