THE FEATURES OF THE COUNTRY

South Africa is composed of a lot of different species of animals and plants. The climate has both sub-tropical and temperate climate conditions. The population of South Africa is mixt : 79,4% of south africans are black ; 9,2% are whites ; 8,8% are mixed race and 2,6% are Indo-Asian.

Most of south Africa's landscape is made up of high, flat areas called plateaus. These lands are covered with rolling grasslands, called « hightveld » and tree-dotted plains called « bushveld ». To the East, South, and West of the plateau lands is a mountainous region calkled « the Great Escarpment ».
